Across the Continent on The Stearns.

NEARLY 4,000 MILES WITHOUT A BREAK. 400 RIDERS-400 WHEELS.

NOTHING BUT STEARNS BICYCLES RIDDEN.

CHE Journal-Examiner Vellow Fellow Relay finished Sept. 7, in the marvelous time of 13 days, was the greatest cycling event ever originated, and its successful execution demonstrates the strength and speed merits of the Steams as these virtues have never before been established for any bloycle. This ride over traffs, mountain passes, rocks, boulders, railroad ties, deserts and cactus fields in such time is simply marvelous, and It all stands to the credit of the Steams, whose makers originated and soccessfully executed the relay.

The way to do it is to do it on The Stearns.
